Gain In Traffic Is Noted In Annual Report By State

December Drop Reported As Figures Revealed For Month

Continued increase in the volume of traffic entering California through Truckee was evidenced in the annual report by the state department of agriculture, which showed that there were more than 10,000 more vehicles entered the state during 1955 via Truckee than in 1954.

A similar trend was noted on Highway 50 and other routes entering California.

During 1955, the bureau of plant quarantine reported, 459,225 cars, 36,859 trucks and 7,647 buses, with a passenger total of 1,581,200 entered the state over U. S. Highway 40. This compares with 445,830 cars, 35,543 trucks and 7,299 buses with 1,525,727 passengers the previous year.

Highway 50 reported 143,330 cars, 35,543 trucks and 7,299 buses with 1,525,727 passengers the previous year.

Highway 50 reported 143,330 car, 3,307 trucks and 239 buses bearing 394,181 passengers were checked at Meyers in 1955, compared to the 1954 count of 128,167 cars, 3,876 trucks, 307 buses and 351,376 passengers in 1954.

SACRAMENTO —(CNS)— More than eleven million people entered California by highway during 1955, the state bureau of plant quarantine reported today.

The bureau said 3,753,681 automobiles entered the state during the year. Of this number, 1,762,681 were from out-of-state.

The number of people motoring into the state during 1954 totaled 10,404,018. The number of cars totaled 3,492,068.

Truck and bus traffic also was up during the year. The truck count hit 319,774, compared with 297,714 in 1954. Busses numbered 46,282, compared with 45,460 the year before.

There were approximately 5000 fewer cars entering California through the local quarantine station during December than for the same month in 1954, the State Department of Agriculture reports.

During last month, 12,496 cars, 2,316 trucks and 528 buses were checked. During 1954 there were 17,814 cars checked at the local station.

Truckee, as a point of entry dropped to sixth place in the state.

A gain over 1954 was noted on U. S. 50 where Meyers Station recorded 3,052 cars during December compared to 2,844 for the corresponding month of 1954, a gain of 108 cars.

Local Men Named On Water Groups

Committees for the California-Nevada Water Compact Commission were selected at the meeting held Tuesday at Carson City when all seven members on each commission were in attendance to discuss the proposed gigantic Washoe Project.

C. Edmunds of Truckee was named chairman of the steering committee and William Bechdolt of Tahoe City is a member of the project committee and the procedure committee.

The first move by the California group to protect the water interests of this state met with unanimous opposition from the Nevada commission. The local board introduced a proposed amendment to the act which would give California first right to the water in question, but which under normal circumstances would not hinder the project aims.

It was pointed out that much land in California through which project streams now flow is irrigable, although not currently utilized. Future water rights for this purpose, as well as providing for future power development, would be lost under present terms of the Washoe Project act.

The vote on the resolution was seven to seven and since the federal representative on the compact has yet to be appointed, the motion met a impasse and was tabled pending further negotiation.

SQUAW VALLEY IS NAMED IN ACTION

OAKLAND— An Oakland mother filed a $400,800 damage suit against the operators of the Squaw Valley Ski Resort near Tahoe City for the death of her husband in a snowslide last year.

Filed by Mrs. Fredrick Heime of 505 Fairbanks Street, the suit charges the resort operators with negligence in failing to warn her husband of snowslide conditions. Her husband was killed on January 15th, 1955. The suit was filed in Alameda Superior Court by Oakland Attorney Orland J. Bowman. Mrs. Heine is the mother of 17 year old twin daughters.

Wolverine Win In First Conference Hoop Game Here

Local Team Travels This Weekend To Meet Manogue

Tahoe-Truckee Wolverines opened their conference campaign Saturday night on a successful note as they defeated the Stewart Braves, 68 to 61. It was one of the finest contests ever staged in the high school gym and was well attended by local basketball fans and rooters.

The Wolverines started off with a bang as they rolled up 20 points in the first quarter on scores by Stan Rasmussen, Doug Wilson, Marty Prescott and Ken Vaughan. while holding the Indian five to 13. By halftime the count had run to 37 to 30 with the Wolverines still in front.

The second half of the game was a real thriller as the Braves sneaked up to within three to five points on numerous occasions, only to have the Wolverines fight back and maintain their lead. At the end of three quarters of play it was 56 to 46 in favor of the locals. The final period of play was a two man scoring act by the Wolverines' Wilson and Floyd Cooper who accounted for 12 points between them and set up the 68 to 61 win.

Rasmussen led all Tahoe-Truckee scorers with 20 points, closely followed by Wilson's 18 and Vaughan's 12.

In the preliminary game, the Tahoe-Truckee cubs held a 23 to 11 halftime lead, only to see the margin narrowed in the big fourth period which found the Junior Braves outscoring the Cubs, 19 to 12. But it was not enough as Coach Jim Brehler's fighting Tahoe-Truckee team held on for a fine 47 to 41 victory.

Ken Osburn led the Cub scoring parade with 14 points, with Berger Nelson collecting 13 and playing a fine rebound game. Tom Sheehan and Doug Cooke were vital in the win as they worked both boards effectively to go along with the fast-breaking Osburn, Cecil Craddock, Wes Ball, and Dean Holbrook.

Weekend Games

Next weekend, January 20 and 21st, the Wolverines take on two tough opponents as they journey to Manogue Friday night for an important conference tilt, and then return home Saturday for a return match with the Loyalton Grizzlies. The Wolverines now have four wins in as many starts, including a non-conference 43 to 32 victory over the Grizzlies. The Cubs' record now shows two wins against two losses.

HOURS ANNOUNCED FOR OFFICIAL'S VISIT

Raulin J. Silveira of Auburn, manager for the California Department of Employment for this district, announced last week that people from the Kings Beach, Tahoe City and Truckee areas who wish information from him may contact him at Capitol Hall in Truckee on the following dates between the hours of 10:30 a.m. and 2:30 p.m.; January 27, February 10 and 24; March 9 and 23; April 6 and 20 and May 4, 1956.

At the present time, according to Silveira, more than 100 people of this vicinity are given service during the days when he is here from Auburn.

POULSENS LEAVE TO ATTEND ITALY MEET

Mr. and Mrs. Wayne Poulsen of Squaw Valley left yesterday to attend the Olympic games at Cortina, Italy the last part of this month. Before their departure for the east on Sunday, Eric, five year old son of the couple celebrated his birth day. Mrs. Gladys Swan of Reno, mother of Mrs. Poulsen will stay with the Poulsen's children until their parents return.

SHANTY BURNS

A switchman's shanty on the Southern Pacific right of way in the west end of town was destroyed by fire Monday morning. The Truckee Volunteer Fire Department was called and prevented the spread of flames. Chief N. F. Dolley said the damage was small.

Welch Chosen To Head Chamber For Second Term Here

Harold Welch was reelected president of the Truckee Chamber of Commerce at the annual election of oficers held Tuesday night at the high school. William Carver, Truckee attorney, was chosen as vice president to succeed Kenneth Hedlund, who was named to the Post of manager. E. K. Stice was reelected treasurer and Mrs. Ken Hedlund was appointed corresponding secertary.

By reelecting him as president, members expressed their confidence in Welch's ability to continue working for several important projects starting during his first year as head of the booster group.

Among these projects are promotion of a zoning ordinance to eliminate undesirable conditions in the area which may result from the selection of Squaw Valley as site for the 1960 Winter Olympic games; official approval to obtain adequate law enforcement through employment of a second deputy sheriff; survey for a proposed new CAA approved airport; study of feasibility of incorporating the area into a city, and other vital matters affecting the district.

Some of these projects were discussed at the meeting Tuesday but no definite results were announced.

Directors for the coming year are to be chosen from membership balloting, cards with nominated directors being mailed to all members.

PATROLMAN HURT IN CAR ACCIDENT AT CHP OFFICE HERE

State Patrolman Carroll Maynerd is receiving treatment in the Forest Hospital for severe neck injuries as the result of a collision near the highway patrol office yesterday morning.

Maynard was reporting for work and had started to make a right turn into the office when a car driven by J. H. Vorhees clipped the patrol car on the right fender.

Sargeant Ed Freeman made the investigation. Maynard's condition is not believed serious.

20-30 TO MEET PTT TEAM IN ATHLETIC CLUB GAME TODAY

Each Monday and Thursday evening teams in the Truckee Athletic Club basketball league will engage at the gym at the high school, Dave Morey, club president, announced.

Tonight will see the 20-30 Club and the Telephone Company fives pitted against each other in the series opener at 7 p.m. The game will be followed by one between Jim's Barber Shop and the St. Louis Cafe Team.

Morey again pointed out that no smoking is allowed in the gym and that all spectators be kept off the floor to prevent injury to themselves as well as protecting the floor surface.

114 Inches Of Snow On Summit For Weekend

SUGAR BOWL— A pack of 114 inches covered by three inches of powder snow has created excellent skiing conditions for summit area skiing.

On Sunday, January 28, the downhill only of Wengen will be held at the Sugar Bowl. This FWSA race is open to Open, A, B, and C class men and women racers. The Sugar Bowl Ski Club championships will be combined with the event.

Local Man Charged

Virgil Paul Leiter, 32, Truckee, was arrested Friday by Deputy Sheriff Roy Waters on a charge of violating the county's sobriety ordinance and later removed to the Nevada County hospital for medical treatment.

Store Stock Selected—

Mrs. I. Firpo accompanied by Mrs. Charles Osburn has been visiting the San Francisco merchandise mart, selecting clothing for Cabona's Store. Mrs. Osburn returned here while Mrs. Firpo will continue to southern California.

SUNBEAMS

By WALTER M. BARRETT

This is the time of year when brave youngsters in uncomfortable braces, gaunt and courageous people in iron lungs, lively children who so far have been spared the wracking, crippling pain of polio turn hopefully to us lucky ones— while men and women speaking for them ask: "Friend, can you spare a dime?" Of course we can. Many dimes. For this is March of Dimes time, and the dimes we give to the National Foundation for Infantile Paralysis will help speed the removal of those braces, keep the iron lungs pumping life into brave hearts, ward off the virus that might halt those lively games for millions of children. The fight against polio has made tremendous progress. The Salk vaccines helped mightily, and opened the door to new anad greater preventive methods. New techniques, new equipment are speeding thousands of cases to greater recovery than could have been hoped for only a few years ago. Dimes have done much of that. But polio still exists. It struck more than 30,000 persons in the nation last year. And there are many more thousands for whom the vaccines came too late— men and women and children who last year needed nearly $30 million for patient care. The great and shining fact is that we know our dimes have helped. And we know they are needed— some $47 million worth of them. This is the time when that thin dime becomes the biggest coin in your pocket. Let's march it in the right direction.

March Of Dimes Starts Late Here

The March of Dimes got off to a late start here this year, but Chairman Roy F. Waters has expressed the hope that despite the short time in which the drive here must be conducted that the local contributions will reach their usual high mark.

The handy coin boxes have been placed in many local stores and should be well filled by the end of this month.

Those wishing to contribute to this necessary cause— necessary if 87,000 children are to continue to receive treatment for the effects of the disease— are asked to contact Waters or deposit checks or cash in the containers.

"Many great strides have been made for the control of the crippler, polio, but there remains much to be done," Waters declared. "We sincerely hope that before long the need for funds for this purpose will be ended, but until it is, we must continue to give as generously as we can and thus bring the end more speedily."

Substitute In Charge At Donna's Beauty Shop

Mrs. Donna Songer is reported to be seriously ill in a San Francisco hospital.

Edith Forsell, an experienced beauty operator is in charge of Donna's Beauty salon during the owner's absence.

Check Writer Bound Over To High Court

NEVADA CITY— Ward Paul Garwood, 38, a Canadian resident who had been employed at Beacon Hill Lodge and charged by that lodge and Donner Summit Lodge with felony forgery of checks, was bound over to the Nevada County Superior Court Friday by Truckee Judicial District Judge F. W. Wilson.

Garwood is accused of cashing several checks payable to the lodges in Reno, Nevada. He was arrested earlier this week by Reno authorities and brought to Nevada City and held in jail unable to raise $1,000 bail.

Mr. and Mrs. Elmer Sadocchi of Bakersfield were business visitors here.

Supporters Leave To Further 1960 Olympic Contests

Final Decision Expected At International Session On Tuesday

A rather impressive delegation will represent California at the meeting of the International Olympic Committee starting Monday in Cortina, Italy, when a progress report on Squaw Valley's bid for the 1960 winter games will be heard. The report is scheduled to be considered Tuesday.

Heading the California group as personal representative of Governor Goodwin J. Knight will be Finance Director John Pierce, in the event it is not possible for Knight to attend. State Senator Harold T. Johnson, accompanied by Dr. Lewis Jones of Roseville was scheduled to leave yesterday to represent the interests of his district and the state, the senator's expenses having been provided by a subscription sponsored by the Placer County Chamber of Commerce.

Representing the California Olympic Commission will be Commissioners John Garland and Reese Taylor and Executive Secretary P. K. Macker.

Prentice Hale, chairman, Alex Cushing, Joseph A. Moore, Jr., and J. Stanley Mullens will represent the Squaw Valley Organizing Committee, with probably other members in attendance.

William Watson, project manager for Skidmore, Owings and Merrill, retained as architects for the commission, and Adrian Molone, who designed many of the structures for the games, representing the firm of Molone and Hooper, will be on hand to show plans. Mr. and Mrs. Wayne Poulsen left Wednesday to represent their interests at Squaw Valley in the planning.

Definite announcement of the international committee's acceptance of the plans may come immediately following Tuesday's meeting, and while there seems little reason to doubt a favorable report, there is no definite guarantee.

After Cortina, the next step will be obtaining the necessary funds, estimated at $5 million, to provide facilities from the state legislature which meets in March. That, too, has been virtually assured and work is expected to start as soon as weather permits this spring.

JOHNSON PROMISES SUMMIT PARK AID

State Senator Harold Johnson told a meeting of resort owners on Donner Summit Monday night he would do everything possible to correct the unsatisfactory parking situation there. Currently Johnson is attending the winter Olympic games in Italy, but upon his return he said he would confer with division of highway officials to see if anything could be done by the state that is not presently being done.

The meeting was called by J. Vind and was held at Ski Inn. Supervisors from Nevada and Placer counties attended, with Supervisor H. G. Loehr representing the local board.

ELLIS AWARDED $800 IN SUIT FOR AUTO INJURIES BY JURY

A personal injury award of $800 was granted Jack W. Ellis Friday in Nevada County Superior Court by a unanimous decision of a nine-women, three-men jury after only an hour's debate for injuries sustained in an automobile accident October 4th, 1954, when he was a passenger in an automobile driven by Robert G. Arney, defendant.

Ellis had sued Arney for $100,000, claiming that the defendant was negligent and careless and turned off the headlights of the vehicle deliberately that night before plunging off the road at Kingvale on US Highway 40.

Arney claimed the lights went out without his knowledge so that he could not see the road, and evidently the jury agreed with him that the accident was unavoidable under the circumstances.

At Home—

William Englehart, Sr., is recuperating at his home after spending some time in the local hospital.

Rain Continues As Precipitation Goes To New Records

The weekend rain storm in this area threatened to develop into another damaging flood but clearing skies and colder temperatures brought the threat to an end Sunday night after 2.05 inches of precipitation had been measured by the U. S. Forest Service.

Currently the precipitation for this area is 7.72 inches over normal for the entire year, with a total of 35.10 inches to date and the year's normal only 27.38 inches.

There were 22 inches of snow on the ground at the forest service station and officials there point to the fact that the heavy snow pack and saturated ground virtually assures a much needed gain in the underground water level and should result in a late fire season.

For the month of January the normal precipitation is 5.88 inches and thus far for the month a record of 7.86 inches has been recorded, with the month little more than half gone.

The weekend storm did no damage except to water soaked highways in the area. It brought down scores of boulders along the highway between here and Reno, but at no time was closure necessary.

The high temperature for the week was recorded last Thursday with 46 degrees and low was Tuesday morning with 13.

Light rain was falling in Truckee today with snow above the 6,000 foot level. Chains were required on vehicles traveling over Donner Summit.

Prospects were good of the ski resorts throughout the region for the coming weekend.

59 FELONIES WERE REPORTED IN YEAR IN NEVADA COUNTY

There were 59 felonies commited in Nevada County during the first six months of last year, according to a report submitted by state division of criminal law and enforcement of the California Department of Justice.

Of this total, 40 were in the unincorporated area of the county, 14 in Grass Valley and five in Nevada City.

The list includes one homicide, one assault, 32 burglaries, 12 thefts, five forgery and check cases and two miscellaneous.

There were 19 felony arrests during that period, seven being juvenile felony arrests and 12 adult felony arrests, according to the report.

CAR PLUNGES OFF ROAD EAST OF HERE

Paul Powell, 50, Stockton, escaped injury Sunday evening when his car knocked out 40 feet of guardrail and plunged off the embankment just east of Hirschdale. He was cited by Patrolman Carroll Maynard for speeding. The driver was not injured.

Lane Farrars Parents Of Son At Hospital

Mr. and Mrs. Lane Farrar became the parents of a son who arrived at Tahoe Forest Hospital January 16.

The bouncing boy weighed in at 8 pounds 1½ ounces and has been named David Lane.

Dr. Ben King was the attending physician.

Pfaendler Injured While On Duty In Sacramento

Al Pfaendler arrived here on Monday from San Francisco where he had been in a hospital for more than 3 weeks after being hit by an automobile at the Southern Pacific depot at Sacramento.

The accident occurred on the 19 of December. Mrs. Pfaendler visited her husband during his stay in the city.

Lake Level

TAHOE CITY— The level of Lake Tahoe Monday stood at 6226.95 feet with all gates closed. There were 32 inches of snow at Tahoe City. Precipitation for the week totaled 2.39 inches with no new snow, Art Frodenberg, cooperative observer, reports.

$3,000 In Loot Is Taken In Local Store Burglary

Cabona's Store Looted As Only Deputy Busy On Urgent Call

Lack of adequate police protection may well be blamed for the loss of more than $3,000 worth of merchandise from Cabona's Store here Saturday night or Sunday morning. This added protection has been denied despite the continued and urgent demands by local interests. Only one deputy sheriff is on duty in the entire eastern end of the county.

Constable N. F. Dolley, who was notified of the burglary Sunday morning by Nace Firpo, who with Mrs. Firpo operates the store, said thieves drilled a lock of the rear door and used a heavy bar to pry open the entrance.

The store was thoroughly looted, with only items of more than average value being selected. The loss consisted of more than 105 boxes of ammunition, 350 boxes of ladies nylon stockings, a selected assortment of men's slacks, dresses and other items. No guns from the stock in the store were molested and $100 left in a cash register was not taken.

That the thieves were frightened away in the midst of their looting was indicated by the fact that several boxes packed for removal were left inside the rear door. A pile of dresses, lingerie, men's clothing and other valuable pieces of merchandise was stacked near the door but not taken.

Heavy rain washed out any possible tracks but it was believed by the officers who investigated that a car or truck had been used and that it went east since the clerks at the state quarentine station did not recall any vehicle loaded with the stolen tiems passing through there.

Sheriff Wayne Brown and Deputy Frank Gallino of Nevada City and Deputy Roy Waters of Truckee were called to conduct the investigation.

None of the loss was covered by insurance.

State Chamber Endorses Olympic

Further evidence to the entire world that California is solidly and enthusiastically behind the holding of the Winter Olympic Games here in 1960, is being made in a statement by James Mussatti, general manager of the California State Chamber of Commerce to Avery Brundage, President of the International Olympic Committee. The following assurance will be delivered in person to Brundage by Alex Cushing, who will make the presentation on behalf of the California Organizing Committee for the Olympic Games, at the meeting of the International Committee at Cortina, on January 24th.

"California, in good faith, invited the International Olympic Committee to hold the Winter Olympic Games in this state in 1960, and California will back to the best of its ability all requirements necessary to make these games an outstanding success. With a population of 13½ million people, with vast agricultural and industrial resources, there should be no question in the minds of anyone that California can meet the responsibility of holding these games in conformity with the highest olympic games tradition and heritage.

"The California State Chamber of Commerce, with a membership of some 6,000 of the key business firms in the state and representing some 360 different lines of business endeavor in agriculture, industry and commerce, supports the holding of these games in California. It stands ready to cooperate with the California Olympic Commission in such endeavors as may be necessary to the successful consummation of the Winter Olympic Games."

Library Favorites Now Available At School

The Tahoe-Truckee Community Center Library has eleven of the twenty-three popular books appearing on the January list of national "Library Favorites". Seven are fiction, four are nonfiction. Among these are a few of the nearly one hundred titles of adult books added to the collection this month. All are available for circulation to residents of the community.

Mrs. Saunders Honored At Farewell Reception

Mrs. Robert Saunders was complimented at a dinner Wednesday evening given in Smart's by a group of friends before the departure of the couple who are leaving to reside in San Francisco.

A shower of handkerchiefs was presented to the honoree during the affair. Mesdames Armon Close, Erwin Single arranged details for the pleasant occasion.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

On Sunday we made a trip around the lake to the southern shore, which in past winters we would not be able to do at this season because of snow conditions.

The entire lakeshore circle highway is in good condition for driving without chains, except for about three miles in the Emerald Bay locality. On the inner curve of road above the bay there have been several heavy slides within the past two months which have made that part of the highway impassible.

More Precipitation

Measurements taken by Weather Observor Art Frodenberg for last week's three days rain storm here were 2.39 inches precipitation in all. The rain storm started early on the 14th and continued through the 16th. It was mostly rain and what little wet snow fell was not enough to be measured as snow, according to Frodenberg. The lake waterline has been gradually rising for about six weeks, and the lakeshore commons begin to look normal again along the beaches. Frodenberg said the lake level taken on Monday measured 6226.95 feet.

Show For Kids

The first of the free community motion pictures sponsored by the Tahoe City Rotary Club this winter was shown in the Tahoe Lake School auditorium last Wednesday evening. It drew a capacity crowd of children with their parents and friends. The Rotary Club plans to put on a free movie each Wednesday evening from now on throughout the remainder of the winter season.

Old Timer Dies

News reached Tahoe friends this week of the passing of an old time resident who was a pioneer in the lake region from the middle 1800's. He was Christian Nielson, known to friends and neighbors as Chris. He spent the greater part fo his earlier life as a fisherman on Lake Tahoe when he lived for many years in his lakeshore home at Sunnyside Beach. He was among the first all-year residents in this locality ,and will be remembered by all who have resided here as long as ten or twelve years. It has been about that many years since Chris put away his boat nd fishing tackle and moved to Reno to live.

Gets Treatment

A. M. (Red) Anderson, who spent several days recently in a San Francisco hospital, returned to his Tahoe City home last Wednesday after having a general medical check-up and undergoing a minor operation. He is feeling quite well at present, but doctors advised that, to advance his best health interests, he remain very quiet for a week or two.

Resorts Busy

In spite of wet weather in most lakeshore localities since the first of the year, all the ski sports areas are reported to be doing a thriving business at present.

BUSY PROGRAM IS PLANNED BY SKIERS

TAHOE CITY— Winterskol, a film featuring Fred Iselin of Aspen, Colorado ski school, presented by the Miller Brewing Co. will be shown Friday, January 20th at the Tahoe City Community Center at 8 p.m. by the Squaw Valley-Lake Tahoe Ski Club. Following the movie there will be a short business meeting and refreshments. Sophia Baker is in charge of the program and William Briner will preside.

The club is sponsoring the Squaw Valley birthday giant slalom for classes A, B, C and Veterans. There will be one run and two courses will be set. Joe Merillac will set the course for the A, B and Vetreans and Gordon Butterfield the A class and for all women's races.

Of interest to the juniors is the first junior race of the year at Dodge Ridge January 21 and 22. It will be a downhill and slalom for all classes. The following weekend a similar race will be held at Yosemite.

The annual Hatchet Hop will be held at Tahoe Inn February 18th.

Ski Club Meets

The Squaw Valley-Lake Tahoe Ski Club held a short business meeting on Friday evening in the Tahoe City Community hall, followed by a social evening. President Bill Briner was in charge of the meeting. Two ski sports films were run during the evening and enjoyed by a large crowd of members and ski sports fans. The officers of the club wish to express their friendly welcome to any and all visitors at any of the future meetings.

Observes Birthdate

Mrs. Ruth Mayfield of this city was pleasantly surprised in her home here on her birthday, Monday, Jan. 16th when a group of friends and neighbors arrived bearing a lovely collective birthday gift, as well as a large and delicious cake decorated in red hearts with her name and Happy Birthday. Invited guests included Mesdames Ida Simmonds, Anne Anderson, Barbara Spitsen, Betty Starratt, Marie Henry, Beulah Carnell, Louise Geier, Janet Watson, Jeanette Mitchell, Blanche Donaldson, Ann Soll, E. J. Vernon and Miss Kathleen Starratt.

Well Again

Mrs. Mazie Carnell of this city is at home again after two days in the Tahoe Forest Hospital during the past week. Mazie underwent a general health check-up and treatment for a minor ailment, and all her friends are happy to have her at home again and feeling well.

Sends Greetings

On Monday morning Mr. and Mrs. Carl Bechdolt Sr. were delighted to enjoy a friendly long distance chat with former Tahoe City resident Ruth Dorste, in her present residence in far away Ohio. Mrs. Droste sent greetings to her many friends of this region. She says she is feeling well and looking forward to the coming spring and her return to her home in Tahoe City.

Drop In Population Of Nevada County Shown

Population of Nevada county amounts to 18,220 people at January 1, 1956. California Taxpayers' association estimated today.

The county's population is 1,668 or 8.4 percent less than the 19,888 shown at the time the 1950 census was taken.

During the year 1955 the county has lost some 220 people or 1.2 percent from the January, 1955, figure of 18,440 the association estimated.

For the state of California, population is at a new high of 13,465,000— an increase of 27.2 percent during the one year 1955, the association estimates.

Census population for California was 10,586,223. For January, 1955, the association estimates the population of the state at 12,805,000.

For the mountain counties, population is at a new high of 146,440 people for January, 1956.

In Bullhead City—

John Reedy who left for southern California has again gone to Bullhead City in Arizona for the winter.

FILMS FEATURE ROTARY MEETING

KINGS BEACH— Two reels of motion pictures, one of the building of the Alcan Highway, entitled Princers on Japan, and the other pictured Spain since the civil war, showing historic beauty which had been destroyed.

Bill Randall presided at the meeting and Hank Dodd was the program chairman. Don Snyder of Tahoe City was a visiting Rotarian and other guests were Skeet Thompson, Bob Howell and Admiral Crenshaw.

The club will be guests of the Tahoe Club January 23 and will hold a Ladies Night at Crystal Bay Lodge January 30th.

Engle Seeks More Cows To Aid State Stockmen

Congressman Clair Engle has requested the secretary of agriculture to give immediate consideration to a proposal for the federal purchase of at least 2 million head of female cattle to help alleviate the "desperate situation" in the cattle industry.

The proposal, recently adopted by resolution by northern California cattlemen and directors of the California Cattlemen's Association, requests the secretary of agriculture to purchase the cattle for export to foreign countries in lieu of foreign aid cash payments. Basic purpose of the program would be to reduce an over-population of marketable cattle, and to cut beef capacity.

VFW AUXILIARY AT TAHOE WINS PRAISE

KINGS BEACH— Mrs. Barbara Savoy, polio drive chairman from Reno was the guest speaker at the meeting of the Ladies Auxiliary of the VFW at Crystal Bay Wednesday, January 11th. She gave thanks for the excellent work of the North Tahoe residents for last year's outstanding drive and urged a continuation, pointing out the vital need for more money for the cause.

Mrs. Savoy also presented President Ethel Antonson and the auxiliary merit awards for their work on Buddy Poppy Day.

It was announced that the books and magazines contributed and taken to the Veterans Hospital at Reno by Mrs. Dorothy Thrailkill were welcome as there is always a need for good reading material. Other book and magazine collections will be made in February.

A social meeting will be held January 25th at the home of Mrs. Barbara Bergman.

The Division of Mines Museum in the Ferry Building at San Francisco, contains one of the finest collections of rocks and minerals in the United States.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

December 21, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sel' alcoholic beverages at these prem ises, described as follows:

Lot 10, block B, Commercial Row, Truckee.

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:

On-Sale General

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

DAN S. REDMOND
BERNICE REDMOND

WILLIAM D. LAMPRECHT
General Manager
Southern Pacific

William D. Lamprecht, assistant general manager of operations for Southern Pacific, will be promoted to general manager February 1, J. W. Corbett, vice president of system operations, announced today.

He succeeds R. E. Hallawell, whose retirement was recently announced.

Also, according to Corbett, Albert S. McCann, superintendent of the railroad's Western Division, with Oakland headquarters, will be advanced to assistant general manager.

Jay H. Long, assistant superintendent, will succeed McCann as division superintendent, and Donald K. Miller, manager of Los Angeles Union Passenger Terminal, will become assistant superintendent.

LIQUOR REVENUES IN STATE INCREASE

SACRAMENTO (CNS)- The state board of equalization announced that liquor revenues in California climbed to $3,179,332 during October.

The board said this was the first time taxes on alcoholic beverages topped the three million dollar mark for any one-month period.

Revenues for the month were up $1,455,000 over October, 1954, mostly due to the increased tax on distilled spirits voted by the 1955 legislature.

STRICTLY STRICKLAND

By Bill Strickland

The past weekend we had a group visiting mountain top with a very interesting formation story. About two years ago, the Coca Cola Company started sponsoring a television show called "Hi Time". Through the TV show, "Hi Time" clubs came into being all over the bay area. A gal named Dottie Hansen is the star of the TV show and through the media of television encouraged the high schoolers to form clubs in their areas, and find things to do to promote good fellowship and fun in their own groups. She assisted them in organization, planning and in following through on club projects. The group that visited here was the "Napa Hi-Time Club". They raised all of the necessary funds for their trip by having a very complete program of activities all last summer and fall and by setting aside the proceeds to finance their trips to the snow country. All told, 57 boys and girls made the trip in two chartered buses. They stayed at Beacon Hill Lodge, and from our observations, they all had a wonderful time, despite the fact that it was better weather for water skiing than snow skiing.

Dottie found out about our American Legion Junior Ski program while she was here. She is going to give our Post project a plug on her show this week which will certainly be appreciated by all the Legionnaires of Donner Summit. Since we're discussing the young people and their activities, the following is an announcement being made public today by the Donner Summit Post Ski Club.

TO ALL JUNIOR SKIERS

We are the first post to organize a ski club within its membership. It is done as part of our junior welfare program for the benefit of boys and girls interested in outdoor activities that prevail in this area— skiing, of course, is foremost.

There is no cost to you, to join the ski club. We pay your dues in the Donner Summit Post Ski Club, and if you ski well enough to race as a junior, we also pay for your junior racing card. If you represent us as a racer, the post pays your expenses to the sanctioned races. In the event you do not make the team, you will be taught skiing, or coached for racing, by certified instructors here at Soda Springs at no expense to you.

This club has been formed to benefit young people like yourself and your friends. We sincerely hope you will take advantage of it.

Please send for Ski Club application now!!!

Meet Postponed

The ski meet scheduled for Donner Ski Ranch was postponed because of adverse weather conditions. Edvi Aro and Bud Zorich, who co-direct the ski school, really had a lulu of a course set. Had the race been held, it would certainly have separated the boys from the men.

Build New Place

Had a letter from Maria Patten the other day. She and Jack operated the "Ski Hive" for several years before moving to Mammoth Mountain. They have built a brand new place down there, Arlberg Chalet, (two years in the building) and are now operating full blast. In fact, they've been so busy. midweek, too, that Maria has had only one chance to ski, on new Christmas skiis. We are taking this means to pass on to you, Maria's "Say Hello to all our friends on the Mountain".

Meets Competitors

Had a chance to talk to some of the competitors from the meet at Cisco. Found out that the high school cross country race was held, but that the jumping was postponed. In the inter-collegiate competition little Sierra College certainly took the play away from the larger schools and most of that was due to the terrific skiing turned in by Lewis Fellows.

Gene Faulkner To Head North Tahoe Council

KINGS BEACH— The Council of the North Tahoe Organizations met at the Kings Beach school Friday at 8 p.m. where an election of officers was held.

President Clark Powell turned the gavel over to Gene Faulkner and Dal Hughs replaced Mrs. Katherine Wing as vice president and Mrs. Leona Graton is the new secretary-treasurer, replacing Robert Moore.

After the meeting refreshments were served by Mrs. Betty Powell.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

FIRST GRADE: The first grade has had many children out of school due to illness. Twila Lee Barber is in the hospital and we all wish her a speedy recovery. John and Charles Collier are also still ill but hope to be back soon.

Sharon Peterson has a new baby brother. He was born during Christmas vacation.

SECOND GRADE: In spelling those having their words correct in the Blue Book group were: John Besio, Larry Digesti, Debbie Ellis, Rickey Ralphs, Dennis Stevens, John Sturcke, Joanne Costa, Candy Hamilton, Charles Hintz, Fosten Wilson, Diana Pankoke, Dawn Maynard, Zed Kirkpatrick, Sherry Borden, Anne Morey. Those in the Brown Book group were: Kevin Larrivee, Karen Hedlund, Dennis Richards, Jackie Finnegan, Kenneth Hensley, Joyce Randall, Eileen Olsen, Heidi Euer, Sandra Carter, Gilbert Hernandez.

THIRD GRADE: The third grade has been taking a general review in spelling. All work books have been checked.

FOURTH GRADE: Fourth graders who received excellent papers in this week's spelling test were: Bonnie Fair, Dianne Cardinal and Toni Hallett.

Those who missed only one or two words were: Leilani Braasch, Arlene Novak, Ronald Brown, Jamie Hamilton, Bobby Frates, Kary Kielhofer, Billy Carter, Kenny Stumbaugh.

We are glad to welcome Kenny Stumbaugh to our class from Henry Ford school in Redwood City.

FIFTH GRADE: We have been learning how to write personal letters in our class.

We are writing letters to Daniel Rechemacher, who now lives in Reno.

Fred Steele and Janice Roth demonstrated the correct form for the return address on the blackboard. Kittie Ellis and Arthur Novak showed how the greeting should be written and punctuated.

Darby DeLisle, Mike Kenyon and Joe Cabrera wrote sentences for the body of our practice letter, and the rest of the class made suggestions for correcting the errors in them.

SIXTH GADE: We have completed one-third of our spelling to date.

The following students obtained one hundred per cent on the last test: Terry Beck, Franci McGwinn, Barry Leamon, Kathleen York, Olivia Montano, Pam Freeman, Mike Armstrong, Dorette Rose, Dee Frates, Wade Hensley, Dana Hamilton, Terry Walker, Pat Freeman, Stephanie Cozzi and Jimmy Osburn.

DONNER TRAIL

Calenders are fun. Especially when you make your own and show symbols for weather each day. We are illustrating our own calendars and we all made large envelopes in which we collect words we know.

The upper grade children are also making a daily map of the weather at Donner Trail.

In our social studies we are working on our maps of the United States, by states and capitals.

KINGS BEACH

KINDERGARTEN AND FIRST GRADES: Two children in our room had birthdays last week. They are David Hughes and Shari Decker. David is now seven years old and Shari is six.

We had a letter from Jay Bisio who has been in Sacramento for several weeks Jay told us of his new little brother.

Several of the first graders have been taking books home to study and read to the class. They included Wendy Howell, Cathy Rockholm, Cathy Castain, Martha De Gregorio, Cathy Murray, and Susan Clackett.

SECOND AND THIRD GRADES: We are happy to have Jerry Hill with us this week. Jerry has been absent a long time due to illness.

Tuesday, the following children participated in skiing: Bruce Draney, Harvey Klitzke, Vern Wing, Beverly Bergman, Phil Thompson, Vicki Russell, Steven Felte, Wayne Mandeville, Marlea Draney, Susan Graton, Estelle Howell Arthur Waddell, David Mills, Carol Franklin and Chris Althof.

Miss Foresta McGouran, County Supervisor of Schools, visited our class Thursday.

The following boys and girls gave oral book reports to the class Friday: Marlea Draney, Estelle Howell, Amy Arndt, Leta Laborde Arthur Waddell, David Reed, Ronnie Baker.

FOURTH, FIFTH AND SIXTH GRADES: This week marked the beginning of skiing lessons for the children here at the school. Gordon Butterfield is the instructor. Even though this is the first lesson, four children made the intermediate section of the ski program. These children are: David Decker, Kris Felte, Bud Robertson and Dick Cinani.

A movie from the Crown Zelerbach Paper Company dealing with forest conservation arrived this week addressed to David Decker. It was shown to the delight of the children.

TAHOE LAKE

KINDERGARTEN AND FIRST GRADES: Kindergarteners made 18" by 24" pictures of the Jack Spratt nursery rhyme, coloring, cutting and pasting. Everyone completed his project this week.

SECOND, THIRD AND FOURTH GRADES: The second, third and fourth grades took a trip via map and books to Alaska. The second grade is learning to discuss school or class problems and draw conclusions.

FOURTH, FIFTH AND SIXTH GRADES: Today we had an arithmetic test and the names of those who got a hundred are— fourth grade, Kim Turner; fifth grade, Vicki Jo Rich, Jean Heggie, Joan Sevenair; sixth grade, Betty Proctor, Parky Bechdolt, and Fred Heggie.

The Sutter, or Marysville, Buttes were named by Michel La Frambeau of the Hudson Bay Comapny in 1829.

Extension Of Tahoe's Fire District Approved As Commission Meets

TAHOE CITY— A meeting of the Commissioners of the Tahoe City Fire Protection District was held at the Tahoe Novelty January 11th. The purpose of this meeting was discussion of the feasability of the annexation of territory to the district for a distance of 4½ miles in three directions, north, south, and west from Tahoe City.

Fire Chief Al Henry presented to the meeting a map on which he had outlined the proposed additions to be annexed to the district. Upon presenting the map Henry stated that he had talked with the people and found that some of them in outlying districts were in favor of annexation, partly in the hope of a decrease in insurance rates.

The commissioners endorsed the proposition, and authorized the fire chief to have a surveyor make a plat of the proposed annexation areas. It was then suggested that, after the official plat is on hand with the three new areas included, a public meeting should be called to discuss the project with the people of the district.

The remainder of the meeting was devoted to questions and answers pertaining to the adequateness of the Tahoe City water supply for wull fire protection.

Local Librarian Speaks At Tahoe Rotary Meet

TAHOE CITY— The Tahoe City Rotary Club held its regular meeting Tuesday, January 10th at Tahoe Inn, with President Steve Korich presiding. The only visitor for the evening was Fred Baker of the Brockway Rotary Club.

The speaker on this occasion was Librarian Roy Baker of the Tahoe-Truckee Unified School District who told of the increase of library service at the school during the past two years. He also gave some of the history of library service in general in the U.S., and described its growth in operation.

Following dinner a business meeting was held in the dining room, at which matters were discussed by the entire club. Chief among new business the club voted to make a donation of $300 to the Rotary Club of Yuba City to be used for flood relief. A sum of $100 was also voted at this time to the Placer County Olympic Committee to go toward helping send Senator Johnson of Roseville to the 1956 Olympics in Cortina, Italy.

ENGLE WILL SEEK CLARIFICATION OF WATER RIGHTS

Congressman Clair Engle has introduced legislation to clarify and reaffirm the traditonal water rights of the 17 western reclaimation states.

Engle, chairman of the house committee on interior and insular affairs, which has jurisdiction over federal water and power development, said that he regards the bill as vitally important "because a recent supreme court decision in an Oregon case upsets nearly one hundred years of legal precedents with reference to water rights on federal reservations on the public domain lands."

"Traditionally," Engle said, "the federal government in the 17 western states has acquired and held its water rights under state law as a proprietor just the same as any other land owner. Under the decision in the Oregon case, whenever the federal government reserves a portion of the public domain for a military installation, or any other specific purpose, the use of water on the reserved area would be independent of state law. If this decision is applied retroactively, it could cut off private water rights which have been in use for half a century or more."

Changing Lanes Held As State Traffic Hazard

SACRAMENTO- Changing lanes in traffic without proper caution, and inadequate signals are causing a thousand traffic accidents a year in California according to reports kept by the California Highway Patrol.

"Traffic rules covering lane changing require drivers to first make sure the change can be made with reasonable safety," declared Patrol Commissioner B. R. Caldwell. "It is then necessary to give the proper arm or turn light signal before changing lanes. This signal should be given for a considerable distance to allow other drivers ample time to cope with the lane change and avoid accident trouble.

There is always a degree of hazard connected with lane changing in traffic, even when traffic is light," Caldwell continued. "To avoid accidents while changing lanes, be alert, obey the rules, and cooperate with other drivers who may be affected by the move."

Taxable Sales Rech New High Record In State

SACRAMENTO —(CNS)— Taxable sales in California swelled to an all-time high during the third quarter of 1955, the state board of equalization reported last week.

The board said this figure was 21.4 per cent higher than the same quarter of 1954, and 3.4 per cent over the previous quarterly record set in the second quarter of last year.

Sales in Nevada county hit $5,224,000, an increase of 18.35 per cent over the county's sales in the same quarter of 1954.

"Where Quality, Price and Service Meet"

NORTH TAHOE

By JUDGE HARRY CHARRISON

Advancement

Just thinking of Kings Beach about ten years ago, mostly of the advancement two stores open in the winter then. Now from Bailey's Mobile station toward Brockway there are the Home Cafe, Fritz's Novelty Store, the Post Office, Barber Shop, Kings Beach Variety, Kings Beach Automotive, the P & G Market, Joe Ross' Trade Winds, then on the other side of the street Pappy Brook's Tahoe Sportsman, then the Northshore Hardware, and the Stop and Shop.

Now there are approximately 83 pupils attending school all winter. Miss Knudsen's room, kindergarten has 20, Mrs. Wing's room has 31, and the Principal Beseo has 32. Remarkable I'll say. The school bus leaves Kings Beach almost loaded before it gets on its way to Tahoe-Truckee High.

Rich

You have often read of some person finding a pearl in an oyster. Well, believe it or not, the other night we had oyster stew, and sure enough there in between my teeth was the sweetest little pearl you ever saw, yes it was small but perfect. Ain't that sumpin?

Sport

Just came home from Crystal Bay. There is quite a number of sport fans on hand for the week-end, but it is raining and I imagine the slopes are not too good for their particular sport. Next week end it is estimated that 400 will be on hand.

Fishing

The all year fishing has certainly taken on as far as the lake is concerned. Nearly every day last week a boat or two was to be seen, with some enterprising fishermen, hoping for a good catch, and it was surprisingly good.

Conquering Heroes

A night of fun, happiness and success, that was the dish at the Tahoe Truckee High last Saturday. The Wolverettes won their basketball game from the Stewart team, and then the Junior Varsity team beat the Stewart Varsity, and to top the night, the Varsity team of Truckee beat the Stewart Varsity. A big turnout was on hand to watch the most successful night for the locals.

Church

Gill Johnson of Kings Beach once again took the pulpit of Rev A. B. Covher who at the moment is on a vacation. After a fine message, Mr. Johnson asked the residents of the area to get behind our pastor in the program that he is sponsoring— that of building, and building the membership of the church. The choir has been more or less resting up after their efforts over the holiday season. Mr. Johnson said that choir practice is now being held every Friday night at 8 p.m. New members are invited to try out their voices at that time. Come out and join them, won't you? Rev Covher is expected back by this weekend.

Pictures

The Sunday afternoon pictures put on at the grammer school by the P.T.A. are proving a big success. Flo Klitzke tells me that last weeks picture was the Prince and Pauper. This Sunday will be Down to the Sea in Ships. All are welcome. A minimum charge is made.

No Peace

For the second time in a couple of months, Mel Coe was charged with disturbing the peace, this time was made by Janet Coe, wife of the defendant. Coe was fined $25 and is on a 60 day suspended jail sentence.

Weather

Monday morning and it is cloudy with occasional sunshine. Yesterday it rained hard 'til 3 p.m. The weatherman is just giving a report on the Yuba City area. There appears to be some hope that the floods will come nowhere near the storm of December, and some of the inhabitants are returning to their homes. The weatherman says fair Tuesday. The roads are pretty wet but not bad. Listening to the reports is quite a pastime here.

The L. S. Streepers have come back from Long Beach and are settled at their Kings Beach place.

Mr. and Mrs. Ward Knapp who have been staying in Carmichael since leaving Lake Tahoe have gone south to Van Nuys.

Mrs. Fern Schlueter left Oakland last Sunday for a trip through Arizona.

Veterans Auxiliary To Conduct Polio March In North Tahoe Area

KINGS BEACH— On Tuesday, January 31st between 7 and 9 p.m., members of the Ladies Auxiliary of the Veterans of Foreign Wars of Post 7077, will take part in the national Mothers March on Polio.

Residents of the area are asked to leave their porch lights burning and donate to the worthy cause. Mrs. Virginia Karnazwich has been appointed chairman and Mrs. Peggy Rhodes, co-chairman of the drive.

Last year, North Tahoe led the nation in a per-capita drive for polio funds and this year it is hoped to exceed that mark.

Continued Prosperity Seen In Report By Bank America Board

A prediction that California will continue to experience a high level of economic activity during 1956 was expressed almost unanimously by the state's business and industrial leaders as they answered a survey sompleted recently by Bank of America managers in more than 300 California communities.

S. Clark Beise, president of the statewide banking organization, reported that the approximately 4,000 businessmen, farmers and industrialists contacted believe that the year to year rise will be of more modest proportions than the sharp growth experienced last year.

Most of those interviewed stated that profits will be lower in 1956 due to a narrowing of the margin between costs and prices. There was also a general belief among businessmen that the growth of the business population in California next year will intensify competition between business firms.

Although some reservation was expressed concerning the outlook during the final quarter of 1956, Beise stated that there was far less apprehension revealed in this respect than was evident a year ago.

Gasoline Tax Ahead Of 1954, Records Reveal

SACRAMENTO (CNS)- The state grossed $23,305,854 from gasoline and other fuel taxes during October, the state board of equalization reported.

Net revenue amounted to more than $21 million for construction and maintenance of state highways and local roads.

The board said that gasoline revenues for the first ten months of 1955 were running 6.6 per cent ahead of 1954.

Electricity *proves most* Efficient

—0—

Technical Bullitin No. 1073 of U. S. Department of Agriculture entitled "Comparative Utilization of Energy by Household Electric and Liquefied Petroleum Gas Ranges, Refrigerators and Water Heaters."

Results of the researchers of the U. S. Department of Agriculture indicate that electricity is far more efficient for all three purposes.

FOR COOKING, the study showed that bottled gas ranges used: 1.6 to 2.34 times as much energy (measured in BTU's) as electric ranges for top-of-range cooking: 1.89 to 2.48 times as much energy in oven operation, and 1.82 to 2.33 times as much energy for combined top and oven operation.

Bottled gas **REFRIGERATORS** "used considerably more energy under all conditions of test than did electric ones," the study showed and gas **WATER HEATERS** used from 1.49 to 2.22 times as much energy as electric units.

GREAT BOOKS CLUB TO BE FORMED AT MEET JANUARY 26

Registration will be held at the Tahoe-Truckee Community Center Library from 8 to 10 p.m. January 26th, for a Great Books group in this area. At this first meeting an evening suitable for the majority of the people will be selected for future meetings.

Many thousands of adults have found that learning to think for themselves by studying Great Books can be fun, as well as stimulating. Ever since 1947, when the Great Books Foundation was incorporated in Chicago as a non-profit organization, groups of 15 to 25 people from coast to coast have been meeting to discuss books written by famous authors.

The regular reading assignments give participants an opportunity to do the reading they have always planned to do, then exchange ideas with fellow citizens at the Great Books round-table.

The discussion groups will meet every two weeks, and will discuss a new assignment at each meeting.

"This opportunity for a free liberal education is open to all adults in the community," stated Roy Baker, community center librarian, "there is no tuition, and no educational requirement." He added that "the sessions are not by any means a book review, but extremely lively discussions of contemporary issues. Participants may supply their own books, borrow them from a friend or from the library, or purchase inexpensive paper-bound editions from the foundation."

Frank Ratliff, senior core teacher at the high school, will cooperate with Baker in organizing and directing this project. All persons interested in joining this Great Books group may register at the Library or call Baker or Ratliff at Truckee 23 for further information.

Abuses Of Highway Patrol Call Is Cited

SACRAMENTO— "The California Highway Patrol emergency telephone number, "Zenith 1-2000" is for traffic emergencies only."

This statement was reiterated today by Patrol Commissioner B. R. Caldwell in an effort to curtail non-emergency calls being made over the patrol's emergency line.

"Frequently non-emergency calls block the emergency lines while Caldwell declared. "Many times the non-emergency calls are for road and weather information or requests for the best route to some remote area or community.

"Traffic emergencies are generally traffic accidents involving injury or death, blocked highways, drunk driving and highway incidents endangering lives or property," the commissioner continued. "Non-emergency calls are to be made over the regular telephone listed for the office in the area from which the call is made.

"We urge everyone to remember this and help keep the Patrol emergency phone open for real traffic emergencies," he concluded.

SAUNDERS WILL BE VICE PRESIDENT OF BANK AMERICA

Promotion of Truckee's Bank of America branch manager, Robert E. Saunders, Jr., to assistant vice president in the loan department at the statewide bank's San Francisco head office was announced by S. Clark Beise, president.

At the same time Beise announced selection of Lee H. Apple of the Wasco branch as Saunders' successor.

Saunders joined Bank of America in 1945 at Gridley and came here in 1952 after service at branches in Quincy and Alturas. He will reside in the San Francisco Bay area with his wife.

Apple, the new manager, is one of the bank's progressive young officers. He began his career in 1949 in San Francisco after graduating from the University of California and obtaining a master's degree in business administration at Stanford.

After special training he was promoted to officer status in 1952 and assigned to Wasco in a lending capacity later that same year. Active in civic and church work, Apple has been treasurer of the Wasco Community Concert Association of the chamber of commerce, and a director of the Wasco Rotary club.

He and his wife, Donna, were members of the Wasco First Congregational Church, which he served as finance committeeman.

They plan to make their home in Truckee.

Oakland Man Charged With Peace Disturbance

Emmett Paul Jones, 21 Oakland, was at liberty under $500 bail following his arrest Saturday night on a peace disturbance charge filed by George Dilly, Santa Rosa. Jones was arrested by Deputy Sheriff Roy Waters. Bail was posted by Jones' father.

Dilly charged Jones with molesting his daughter who was with other girls in a resort dormitory on Donner Summit, Waters said. The defendant said he was pushed into the dormitory by other youths in his group who locked the door. He said he remained in the room only long enough to find a way out.

The complaint was issued by Judge F. W. Wilson.

Governor Will Request Flood Relief In March

SACRAMENTO —(CNS)— Aid to flood damaged Calfiornia cities and counties will be sought from the 1956 legislature by Governor Goodwin J. Knight, he announced.

The governor will place flood damage in an urgency call for a special session of the legislature to be held concurrently with the budget session, starting March 5th.

He said he will ask for an acount to be determined on following a complete survey of deeds, to be used by the state department of public works with approval of the state director of finance, for repair, restoration or both, of levees, flood control projects, irrigation projects, city and county roads and bridges.

The money will be a supplement to federal funds already being used for emergency repairs, and he does not have in mind any matching provisions in the enabling act, he stated.

Knight said he is unable to use the state's Rainy Day Fund of $75 million, without legislative authorization. The appropriation, he said, probably will come out of the state's general fund, unless the legislature determines it should be taken from the Rainy Day Fund.

Water Resources Will Recommend Control Of State Flood Waters

SACRAMENTO —(CNS)— The state water resources board has called a special meeting for February 2nd in Sacramento to reconsider its recommendations for federal flood control projects in California to be considered by the present session of congress.

The board last September recommended that congress appropriate about $49 million in the 1956-57 fiscal year for 25 flood control projects in California.

Clair A. Hill of Redding, board chairman, said the board will review its recommendations in view of disastrous floods which occurred late in December.

Hill said the recommendations should be revised as required prior to hearings before the house and senate appropriations committees in Washington, D.C.

Shop For Apparel—

Mr. and Mrs. Angelo Besio were bay district market visitors this week buying merchandise for their Apparel Shop located at Gateway Shopping Center in Truckee.

No mining, hunting or grazing of domestic livestock is permitted in national parks.

FOUND— Pair horn-rimmed glasses at Tahoe Forest Hospital parking lot. Owner may have same by calling hospital and paying for this ad.

WATER BOARD ASKS CONGRESSMAN TO DELAY WASHOE ACT

NEVADA CITY— The Nevada County Water Resources Board dispatched a telegram last night to Congressman Clair Engle urging him to resist any immediate congressional approval of the proposed Washoe Project, which could divert waters from the east slopes of the Sierra Nevada into the State of Nevada.

The Nevada county water group did not specifically oppose the Washoe program but asked for additional time for Nevada County to study the plan and submit its suggested program.

Clarence Gassaway, cattle rancher and chairman of the water board, said he believes the eastern portion of Nevada County is entitled to sufficient time for study of the vast program which could, if enacted, remove the Little Truckee River from its present banks and put it through a tunnel to serve power generators in Nevada.

The group also voted unanimously to name John Frank, Nevada County supervisor and a member of the 14 mountain counties water committe, to the Nevada County water board. The nomination will be submitted to county supervisors today.

Go South—

Mr. and Mrs. Harold Langille have gone to Guaymas, Mexico for their annual winter sojurn in the south.

New Information Form For State Tax Payers

Robert C. Kirkwood, chairman of the franchise tax board, suggests that employers acquaint themselves with their responsibility to file information returns with the state income tax division. An information return, form IT599, must be filed for each single employee who was paid $2,000 or more and each married employee who was paid $3,500 or more during 1955.

The forms IT599 must be accompanied by form IT596 and filed with the income tax division on or before Wednesday, February 15, 1956. Information concerning the filing of these forms may be obtained from the Franchise Tax Board, 1020 N Street, Sacramento 14, California.

Club Meets—

Mrs. Lauren Russell was hostess to the Monday evening card club group in her home at Meadow Lake Park.

Change Dwelling Place—

The address of Virgil Misener, formerly of Soda Springs has changed from Millbrae to San Bruno.

Card of Thanks

I wish to take this means of expressing my sincere appreciation for the excellent care given me by the staff and personnel of Tahoe Forest Hospital and for the many lovely thoughts and flowers from other friends.

William Englehart, Sr.

Old Plate Displayed—

Heller's Variety has displayed in the window, a plate from France made in 1813, showing a picture of Napoleon on a horse, reviewing his soldiers.

Local Patients—

Local people who have been patients at Tahoe Forest Hospital this week include Mrs. N. F. Dolley, Mrs. Annie Tonini and Clarence Osburn all of Truckee and Walter Titz of Squaw Valley.

WALKER ISSUED FINAL INSTRUCTIONS TO SLADE CONCERNING THE THEFT OF THE GODDESS, THEN CLIMBED INTO A DINGY AND ROWED TOWARD SHORE.

ABRAHAM MET WALKER WHEN HE RETURNED FROM THE CRUISER AND MENTIONED THAT ARRANGEMENTS HAD BEEN MADE FOR THE SACRIFICE.

"GOOD!" EXCLAIMED WALKER. "IT WILL BE DARK SOON SO WE HAD BETTER DIG OUT OUR VICTIMS!"

GUARDS WERE CALLED AND A LADDER WAS LOWERED INTO THE DUNGEON FOR THE PRISONERS' ASCENT.

TARZAN AND LOT WERE QUICKLY BOUND AND GAGGED WHEN THE FIRST SHADES OF NIGHT APPEARED--
